From the moment you arrive, you'll be captivated by the soaring cathedral ceilings and plantation shutters that flow throughout, complementing the home's warm and inviting interior. The master bedroom is a private retreat, complete with a walk-in robe and a luxurious updated ensuite boasting a spa bath, oversized shower & double vanity. There are two further bedrooms with robes and a take advantage of a floorplan that allows for two study/office areas (one downstairs and one upstairs). Downstairs office could double as a 4th bedroom or otherwise nursery as it is positioned right near the master bedroom.
